

WESTOVER SCHOOL

2017-2018 Mainland China Supplemental Application Process

1. Due to the high volume of applications from mainland China, students whose current residency is mainland China and/or who have Republic of China citizenship are required to interview with Vericant, our affiliate in China. If, however, a student is currently attending school in the United States, they are not required to interview with Vericant.
2. It is required that Westover receive the student's Vericant interview prior to October 31, 2017. Vericant begins interviewing students in July, so please schedule the Vericant interview in the months of August, September, or October.
3. Please do not contact Westover's Office of Admission to schedule an interview or begin an application until you have heard directly from Westover's Office of Admission, which will happen once Westover has reviewed the student's Vericant interview. A member of Westover's Admission Office will be in touch with the student and her family about moving forward in the admission process by scheduling an on-campus interview visit or, that we will **not** be encouraging the student to move forward in the process. We assure you that we will be in touch with the student and her family 1-2 weeks after Westover receives the student's Vericant interview in our Vericant portal. If Westover informs the student that she should move forward in the admission process, the student and her family can schedule an on- campus visit and interview and they can then begin to submit their application materials to Westover. Skype interviews will **not** be accepted.
4. If the student receives an email or phone call from a member of our admission team telling them that they may move forward in the application process, the family may schedule an on-campus visit and interview at Westover between the following dates:

Wednesday, November 1st – Thursday, November 9th

Wednesday, November 29th – Thursday, December 14th

Thursday, January 4th – Friday, January 12th
