

WESTOVER SCHOOL

2018-2019 Mainland China

Supplemental Application Process

registration.vericant.com

1. Due to the high volume of applications from mainland China, students whose current residency is mainland China and/or who have Republic of China citizenship are required to first schedule an interview with Vericant, our affiliate in China. However, if a student is currently attending school in the United States, they are not required to interview with Vericant.
2. It is required that Westover receive the student's Vericant interview prior to October 31, 2018. Vericant has begun interviewing students for the 2019-2020 academic year, so please schedule your interview with them in the months of August, September, or October.
3. Please **do not** contact Westover's Office of Admission to schedule an interview or begin an application **until** you have heard directly from Westover's Office of Admission, which will happen within 10-14 days after Westover has reviewed the student's Vericant interview through their Portal. A member of Westover's Office of Admission will be in touch with the student and her family about either moving forward in the admission process or, that we will **not** be encouraging the student to move forward in the process. If Westover informs the student that she should move forward in the admission process, the student and her family can schedule an on-campus visit and interview and they can then begin to submit their application materials to Westover via the SAO (Standard Application Online). As a part of a completed Westover application, the interview must be in person on our campus. Skype interviews will **not** be accepted.
4. If the student receives an email or phone call from a member of our admission team telling them that they may move forward in the application process, the family may schedule an on-campus visit and interview at Westover between the following dates:

Monday, October 29 – Friday, November 9, 2018

Wednesday, November 28 – Wednesday, December 19, 2018

Wednesday, January 9 – Tuesday, January 15, 2019

5. Westover also requires that, as part of a completed application, all international students

must take both the TOEFL ad the SSAT tests. We must receive the official score reports of these tests directly from the testing companies. Westover's minimum TOEFL score is 95.
